Press Release

Longmeadow Parkway – IL 25 at Bolz Road
Kane County Section No. 18-00215-22-CH

Starting the week of June 17, 2019 (weather permitting) **a new traffic pattern will begin along IL Route 25 between Cherokee Road and Silverstone Road** in Carpentersville Illinois. This traffic pattern change will allow workers to safely continue roadway widening improvements on the westerly side of IL Route 25. During the work there may be temporary daily single lane closures with flaggers directing traffic. Construction work hours will be from **7:00 am until 5:00 pm Monday through Saturday.**

Motorists are asked to exercise care and reduce speed while driving through the construction zone, obey flaggers and watch out for construction equipment entering and leaving the project site.

The Longmeadow Parkway Fox River Bridge Corridor is a planned tree lined Parkway and Fox River Bridge crossing with a landscaped median, approximately 5.6 miles in length, running from Huntley Road to IL 62. The proposed road passes through portions of the villages of Algonquin, Carpentersville and Barrington Hills, as well as unincorporated areas of Kane County and will provide a valuable benefit to the public by relieving congestion, encouraging economic development, improving travel options and connecting towns and neighborhoods.

Additional information is available on **the Longmeadow Parkway page of the Kane County Division of Transportation website**.

Questions and concerns may be directed to Ken Mielke, Senior Project Manager with the Kane County Division of Transportation, at (630) 406-7172.

For all Kane County Traffic Advisories, see www.co.kane.il.us/dot/trafficalerts/Default.aspx.

The above-mentioned road will remain open to traffic, but motorists need to be prepared to reduce their speed, exercise caution, and be extra alert. Motorist must watch for construction workers, construction vehicles entering or leaving the site, and obey flaggers and other traffic control devices within the work zone. Motorists should expect delays while traveling through the work areas. Motorists may want to add additional time to their commutes and consider the use of alternate routes while this work is being completed.

A reminder – **it is illegal for drivers to talk on a cell phone while driving through a highway construction work zone.**
