April 20, 2017

Press Release

Eastbound Fabyan Parkway – Western Avenue to East of Van Nortwick Avenue Single Lane Closure by City of Batavia

On Monday, April 24, 2017, the City of Batavia will be closing one lane of eastbound Fabyan Parkway (County Highway No. 6) from Western Avenue to east of Van Nortwick Avenue from 9:00 am to 3:00 pm daily in the City of Batavia. The daily single lane closure of eastbound Fabyan Parkway is necessary for approximately three weeks, weather permitting, to allow construction crews to safely replace existing utility poles and upgrade the City's electric transmission capacity citywide.

The above-mentioned roads will remain open during construction, but will be reduced to one lane for this work. Motorists should be prepared to reduce their speed, exercise caution, and to be extra alert. Motorist must watch for construction workers, construction vehicles entering or leaving the site, and obey flaggers and other traffic control devices within the work zone. Motorists should expect delays while traveling through the work areas. Motorists may want to add additional time to their commutes and consider the use of alternate routes while this work is completed.

A reminder – it is illegal for drivers to talk on a cell phone or text while driving through a highway construction work zone.

For more information on this project, please refer to the City of Batavia's web posting http://www.cityofbatavia.net/674/Western-Fabyan-Transmission-Line-Replace.

For all Kane County Traffic Advisories, see http://www.co.kane.il.us/dot/trafficalerts/Default.aspx.
