Springfield, IL 62764

Subject: Longmeadow Parkway, Finding of No Significant Impact
Huntley Road to Illinois Route 62
Kane County, Illinois

Dear Mr. Weatherholt:

The Federal Highway Administration (FHWA) received the Illinois Department of Transportation's November 22, 2016 request to issue a Finding of No Significant Impact (FONSI) for the subject project. The FHWA has reviewed the Environmental Assessment, Reevaluation, the errata, the comments submitted during the public comment period and hearing, and the responses to comments.

Based on this information, FHWA agrees that the project will not result in any new significant impacts to the human environment. Enclosed with this letter are three (3) signed original FONSI documents. With the signing of the FONSI, the FHWA's responsibilities under the National Environmental Policy Act of 1969 have been satisfied and the project may proceed to the next stage of project development, including detailed design, right-of-way acquisition, and construction.

Please contact Robin Helmerichs at (217) 492-4615 if you have any questions regarding this determination.

Sincerely,

Catherine A. Batey
Division Administrator
