Kane County is committed to promoting bicycling as a healthy, safe, and sustainable mode of transportation. By encouraging cycling as a viable option, we can reduce congestion, improve air quality, and enhance overall quality of life.

Kane County has a rich history of creating and maintaining regional trails. These trails connect the county's parks, forests, and natural areas, providing a network of paths for pedestrians, cyclists, and e-scooters.

Laws in Illinois require that bicycles be equipped with lights and reflectors when used at night. Bicyclists must also ride in the same direction as traffic and maintain a safe distance from other road users. Violators are subject to fines.

The map is designed and updated by the Transportation Planning Staff of Kane County.

By using Pace and Metra's bicycle-friendly policies, Kane County residents can enjoy safe and convenient transit options. Check your bike at your nearest Pace or Metra station if you do not have a bike.

Kane County is proud to offer free, up-to-date maps to its residents and visitors. These maps are a valuable tool for planning your bike rides and learning about the county's transportation system.

Kane County is committed to ensuring that all residents have access to safe and reliable transportation options. By promoting cycling, we are not only encouraging a healthy lifestyle but also preserving our natural environment.

Kane County's Transportation Planning Staff is dedicated to providing accurate and useful transportation maps. We strive to keep our maps up-to-date and relevant, so you can plan your trips with confidence.
