Press Release

Fabyan Parkway over the Fox River Bridge Improvement Kane County Section No. 17-00479-00-BR

Repair work on the Fabyan Parkway over the Fox Bridge will begin the week of June 10, 2019 with anticipated completion date of December 2019, weather permitting. Work will consist of median and deck removal and replacement, light pole cleaning and painting, and bridge structural repair and maintenance. This work will be constructed in three stages and has an anticipated duration of approximately 7 months, weather permitting. **The first stage will be median removal which will reduce traffic on Fabyan Parkway to one lane each direction for an anticipated period of eight (8) weeks. Subsequent stages will also include staging of Fabyan Parkway to one lane of traffic in each direction until project completion.** Motorists are to be cautious and be alert for new lane configurations as well as equipment on the bridge and workers walking within the work zone.

As this portion of Fabyan Parkway can experience heavy traffic, longer than normal traffic delays are expected during construction. Motorists should expect delays while traveling through the work areas and add additional time to their commutes. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering or leaving the site, obey flaggers and comply with traffic control devices within the work zone. **Motorists may want to consider the use of alternate routes while this work is being completed. A reminder – it is illegal for drivers to talk on a cell phone while driving through a highway construction work zone.**

Questions and concerns regarding this work may be directed to KDOT PM, David Boesch at (630) 845-7875 or boeschdavid@co.kane.il.us.

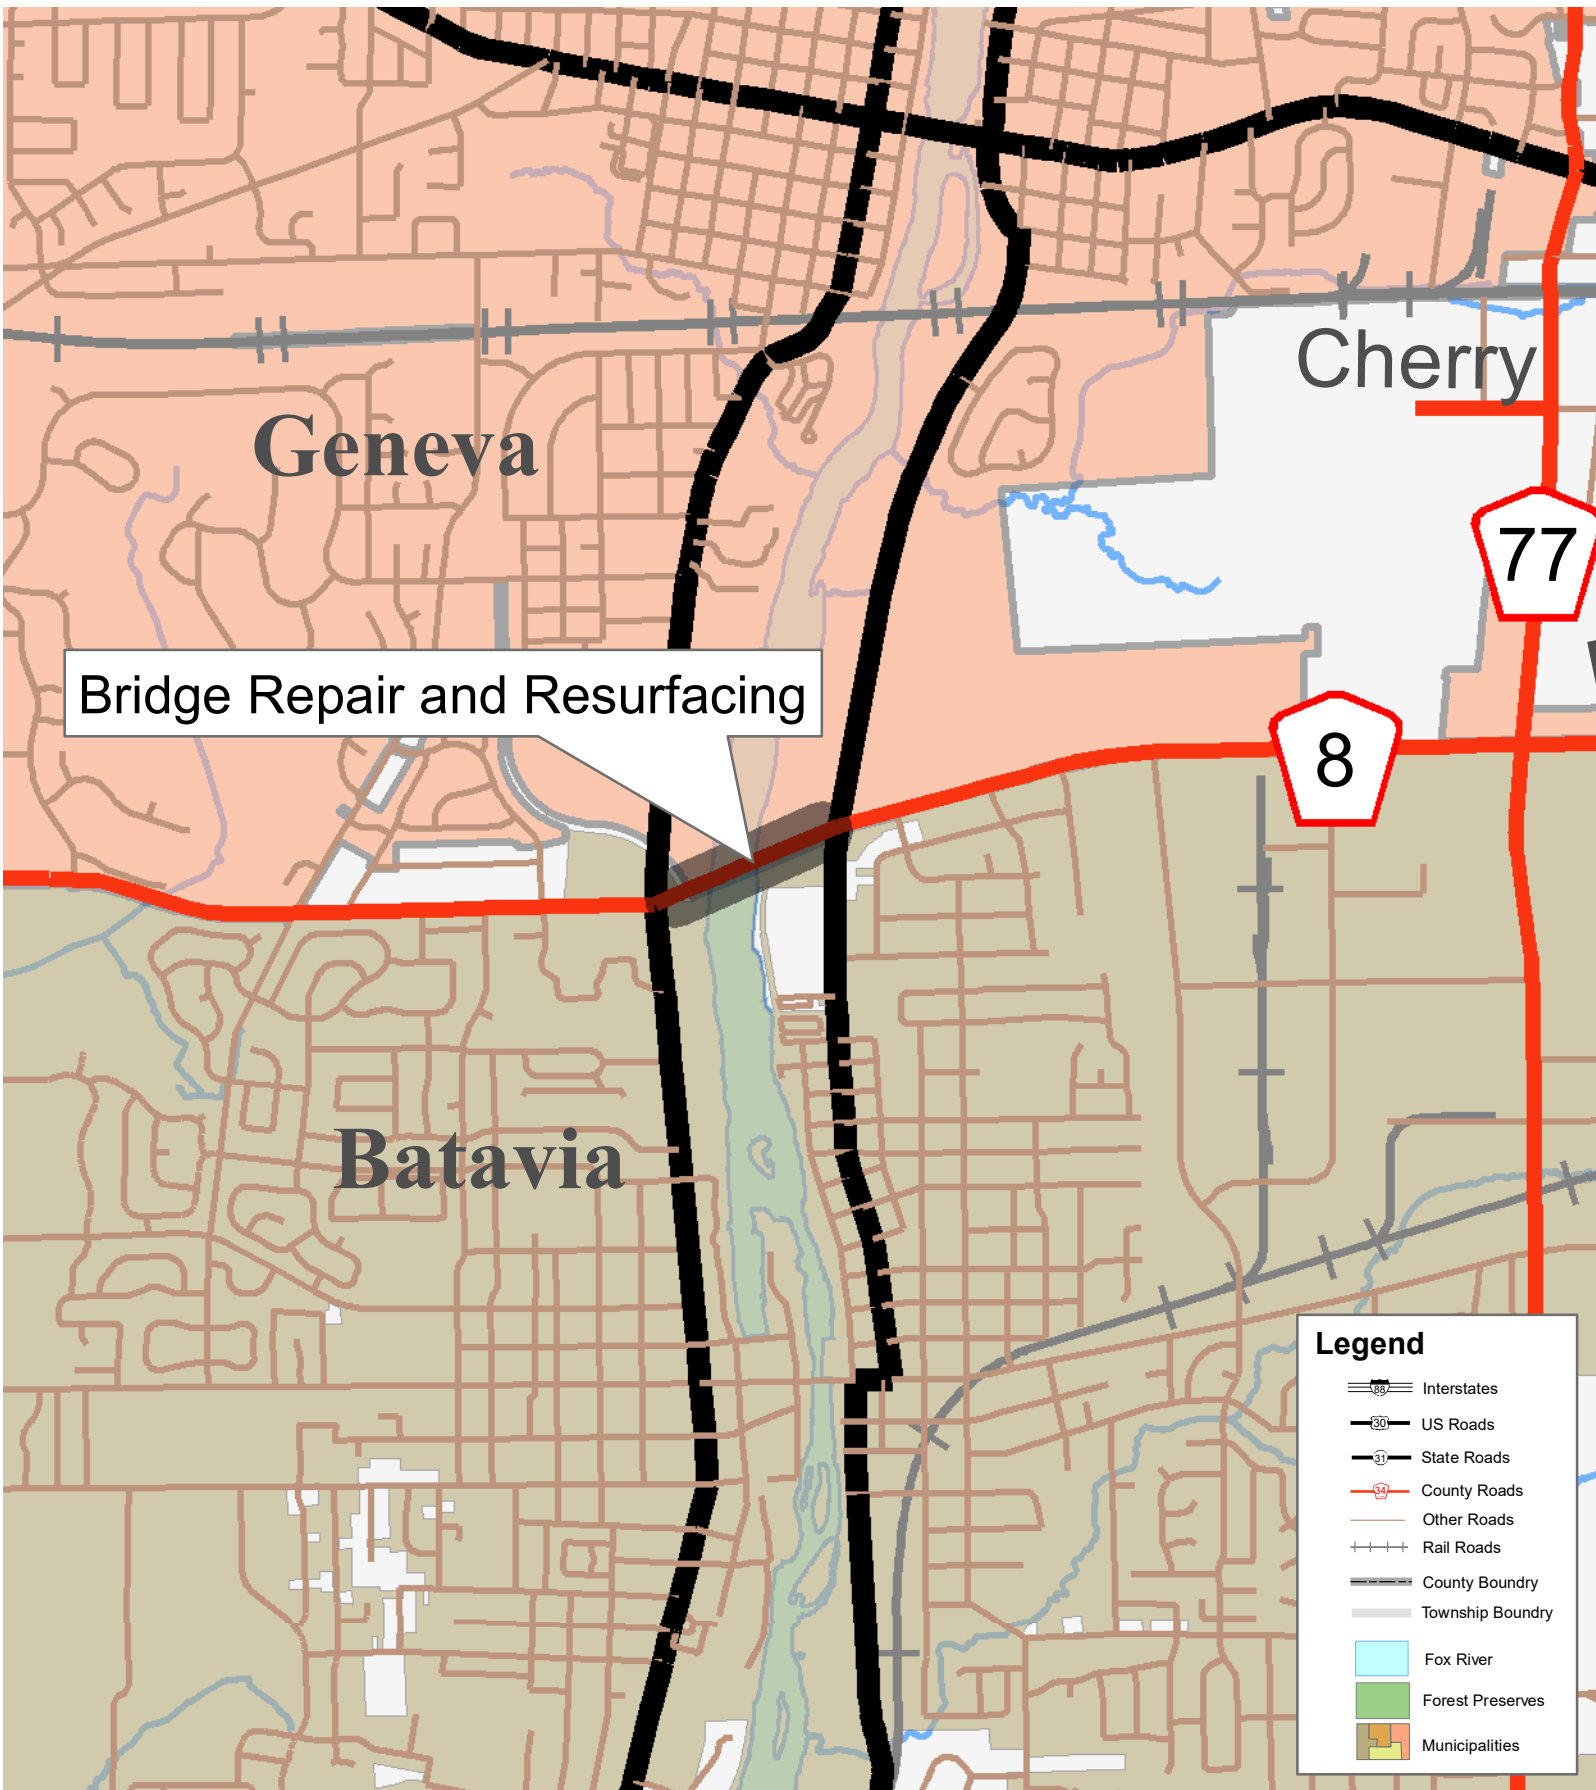

For all Kane County Traffic Advisories, see <http://www.co.kane.il.us/dot/trafficalerts/Default.aspx>.

Work Zone Safety Alert

Drivers in this project area should be prepared to reduce their speed, exercise caution, watch for construction workers and construction vehicles entering or leaving the site, and obey flaggers and other traffic control devices within the work zone. Drivers should expect delays and may want to add additional time to their commutes and consider the use of alternate routes while this work is completed. KDOT reminds drivers that is illegal to talk on a cell phone or text while driving through a highway construction work zone. The minimum penalty for speeding in a work zone is \$375.
