## Bliss Road-Main Street Road-Fabyan Parkway Intersection Reconstruction

July 28, 2022 - Construction for the Bliss Road, Main Street Road and Fabyan Parkway Intersection Reconstruction Improvement project is scheduled to begin the week of August 1<sup>st</sup>, weather permitting. The work consists of a new road alignment, roundabout construction, roadway widening, resurfacing, lighting, drainage, and landscape restoration which will increase safety and traffic flow operations through the intersection. The anticipated completion date for the project is November 2023, weather permitting.

The above-mentioned roads will remain open during most of the construction, but may need temporary daily lane closures and flaggers at various stages of the construction, Monday through Saturday from 8:00 A.M. to 4:00 P.M. Several detours are required over the 2-year construction project; future press releases will cover the details.

Visit our [Traffic Advisories](#) webpage for more information on road closures, detours, and active KDOT projects.

*Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. **It is illegal to talk or text on a cell phone while driving.***
