Press Release

Longmeadow Parkway – Randall Road to Karen Drive Kane County Section No. 13-00215-10-PV

Starting the week of May 15, 2017, storm sewer installation followed by pavement removal and widening work will begin on the following section:

- Randall Road from approximately 1,500 feet north and south of the intersection of Longmeadow Parkway

This initial work will be complete in approximately 2 to 3 weeks, weather permitting. Construction on this portion of the Longmeadow Parkway corridor will be complete by the end of November 2017, weather permitting.

The above-mentioned road will remain open during construction, but may be reduced to one lane or require temporary daily lane closures for the storm sewer installation and temporary pavement widening and other anticipated work.

The Longmeadow Parkway Bridge Corridor is a planned tree-lined parkway and new Fox River bridge crossing with a landscaped median, approximately 5.6 miles in length, running from Huntley Road to IL Route 62. The proposed road passes through portions of the Villages of Algonquin, Carpentersville and Barrington Hills, as well as unincorporated areas of Kane County.

Additional information is available on [the Longmeadow Parkway page of the Kane County Division of Transportation website](#).

Questions and concerns may be directed to David Boesch, Chief of Construction with the Kane County Division of Transportation, at (630) 845-7875.

For all Kane County traffic advisories, visit the [Traffic Alerts Page](#) of the KDOT website.

Work Zone Safety Alert

Drivers in this project area should be prepared to reduce their speed, exercise caution, watch for construction workers and construction vehicles entering or leaving the site, and obey flaggers and other traffic control devices within the work zone.

Drivers should expect delays and may want to add additional time to their commutes and consider the use of alternate routes while this work is completed.

KDOT reminds drivers that is illegal to talk on a cell phone or text while driving through a highway construction work zone. The minimum penalty for speeding in a work zone is \$375.
