Press Release

Longmeadow Parkway – West of Sundown Rd to IL 25
Bolz Road closure starting Wednesday, July 8th
Kane County Section No. 18-00215-21-BR

Starting on Wednesday, July 8th, Bolz Road will be closed to traffic between Sandbloom Road and the entrance to the stone quarry for 8 to 10 weeks, weather permitting, to allow construction crews to safely and efficiently construct the new Bolz Road roadway realignment and install new watermain and storm sewer. Traffic will be routed around Bolz Road using Sandbloom Road, IL 62 and IL 25 as shown below.
Motorists are advised to watch for construction workers, construction vehicles entering or leaving the closed roadway, and obey flaggers and other traffic control devices bordering the work zone.

A reminder – it is illegal for drivers to talk on a cell phone while driving through a highway construction work zone.

The Longmeadow Parkway Fox River Bridge Corridor is a planned tree lined Parkway and Fox River Bridge crossing with a landscaped median, approximately 5.6 miles in length, running from Huntley Road to IL 62. The proposed roadway passes through portions of the villages of Algonquin, Carpentersville and Barrington Hills, as well as unincorporated areas of Kane County and will provide a valuable benefit to the public by relieving congestion, encouraging economic development, improving travel options and connecting towns and neighborhoods. Additional information is available on the Longmeadow Parkway page of the Kane County Division of Transportation website.

Questions and concerns regarding this detour may be directed to David Boesch, Chief of Construction with the Kane County Division of Transportation, at (630) 845-7875.
