## Longmeadow Parkway Sign Installation from West of IL 31 to East of IL 25

September 28, 2021 - Starting this week, weather permitting, intermittent temporary daily lane closures along Longmeadow Parkway between White Chapel and IL Route 31 will occur to allow crews adequate room to safely install sign foundations. These closures will occur between 7:00 am and 5:00 pm, Monday thru Friday, for approximately 2 to 3 days.

The Longmeadow Parkway Fox River Bridge Corridor is a planned tree lined Parkway and Fox River Bridge crossing with a landscaped median, approximately 5.6 miles in length, running from Huntley Road to IL 62. The proposed road passes through portions of the villages of Algonquin, Carpentersville and Barrington Hills, as well as unincorporated areas of Kane County and will provide a valuable benefit to the public by relieving congestion, encouraging economic development, improving travel options and connecting towns and neighborhoods.

Additional information is available on the [Longmeadow Parkway](#) page of the Kane County Division of Transportation website.

Visit our [Traffic Advisories](#) webpage for more information on road closures, detours, and active KDOT projects.

*Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. **It is illegal to talk or text on a cell phone while driving.***
