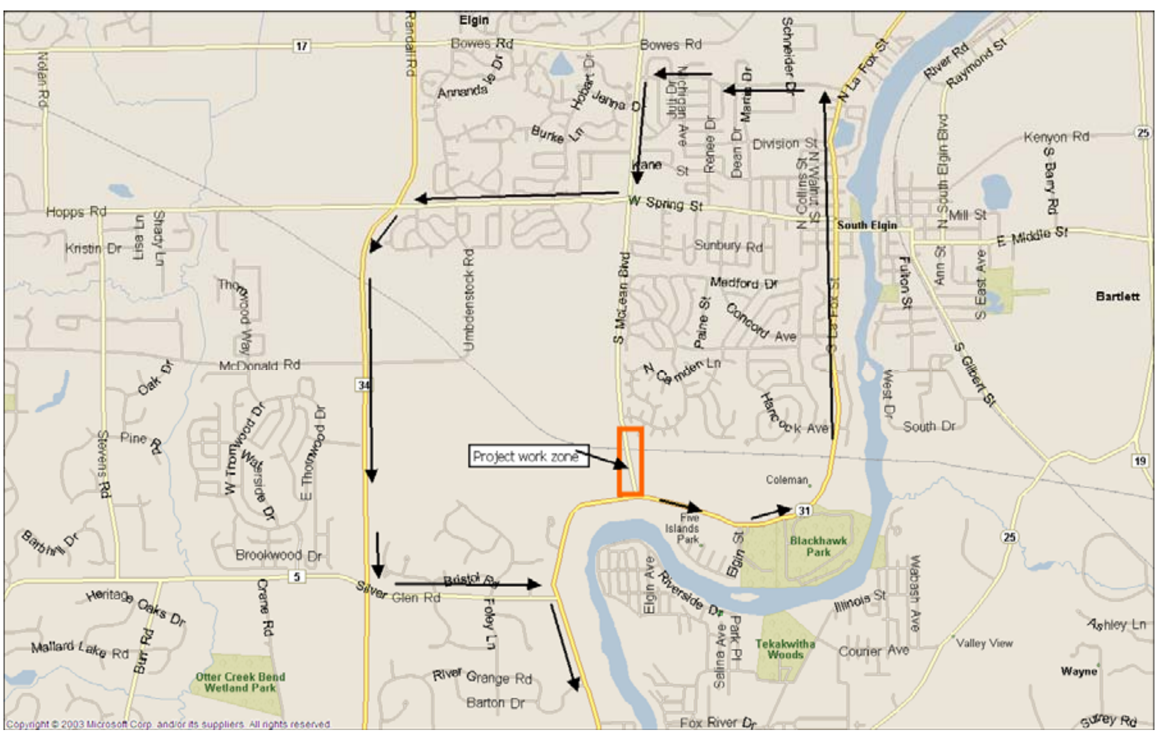
August 17, 2009

PRESS RELEASE
McLean Blvd Road Closure

As part of the Stearns Road Bridge Corridor Project, McLean Boulevard from IL Route 31 to Lancaster Circle in the Village of South Elgin will be closed to traffic beginning August 21, 2009. Local access to the residential sub-division east of Lancaster Circle will be maintained for the duration of the closure. This roadway closure will be in place for approximately 18 months and is needed to allow for the reconstruction of the pavement as well as the construction of a new bridge on McLean Boulevard at the CN Railroad. Two posted detour routes will be used to redirect traffic. The northbound detour uses IL Route 31, Sundown Road and McLean Boulevard. The southbound detour uses Spring Street, Hopps Road, Randall Road, Silver Glen Road and IL Route 31. More information can be found on the project website at www.stearnsroad.com.

Please refrain from traveling into the construction site and use the posted detours. Your cooperation and patience is appreciated.


Concerns about the project should be addressed to David Boesch at 630-845-7875.
