## Orchard Road at U.S. Route 30 Intersection Reconstruction Improvement

April 14, 2022 - The Orchard Road at U.S. Route 30 intersection reconstruction improvement is scheduled to begin on Monday, May 2<sup>nd</sup>, weather permitting. Construction working hours will be from 7:00 am until 5:00 pm Monday thru Saturday. Temporary daily lane closures for utility relocation work may be required in the coming weeks. This improvement will add lanes, update traffic signals, and improve the multi-use path. This work is anticipated to take approximately twelve months to complete.

The above-mentioned road will remain open during construction, but may include temporary daily lane closures and flaggers, primarily from 7:00 A.M. to 5:00 P.M

Visit our [Traffic Advisories](#) webpage for more information on road closures, detours, and active KDOT projects.

*Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. **It is illegal to talk or text on a cell phone while driving.***
