Press Release

Huntley Road at Galligan Road Intersection Reconstruction Project Kane County Section No. 08-00112-00-CH

Starting Wednesday, October 10, 2018, (weather permitting) **a new traffic pattern will begin at the intersection of Huntley Road and Galligan Road** in unincorporated Gilberts, Kane County. Crews will be adding left and right turn lanes on Galligan Road and a right turn lane for east bound Huntley Road. This traffic pattern change will allow workers to safely continue intersection improvements on the north side of Huntley Road and the east side of Galligan Road. During the work there may be temporary daily single lane closures with flaggers directing traffic. Construction work hours will be from **6:00 am until 5:00 pm Monday through Saturday. The remaining work at the intersection is anticipated to take approximately two months to complete**, weather permitting.

County Highway	From	To
Huntley Road	500 ft east of Galligan Rd	300 ft east of Square Barn Rd
Galligan Road	1300 ft south of Huntley Rd	Huntley Rd

The above-mentioned roads will remain open during construction, but may be reduced to one lane of travel using temporary daily lane closures. Motorist need to be prepared to reduce their speed, exercise caution, and be extra alert. Motorists must watch for construction workers, construction vehicles entering or leaving the site, and obey flaggers and other traffic control devices within the work zone. **Motorists should expect long delays while traveling through the work areas.** Motorists should add additional time to their commutes and consider the use of alternate routes while this work is being completed.

A reminder – **it is illegal for drivers to talk on a cell phone while driving through a highway construction work zone.**

Questions and concerns may be directed to Patrick VerHalen (630) 208-3138. For all Kane County Traffic Advisories, see <http://www.co.kane.il.us/dot/trafficalerts/Default.aspx>.

2018 WORK ZONE SAFETY: EVERYBODY'S RESPONSIBILITY

Work Zone Safety Tips

- Drop it and drive.
- Pay attention; conditions can change quickly.

- If possible, move over for workers.

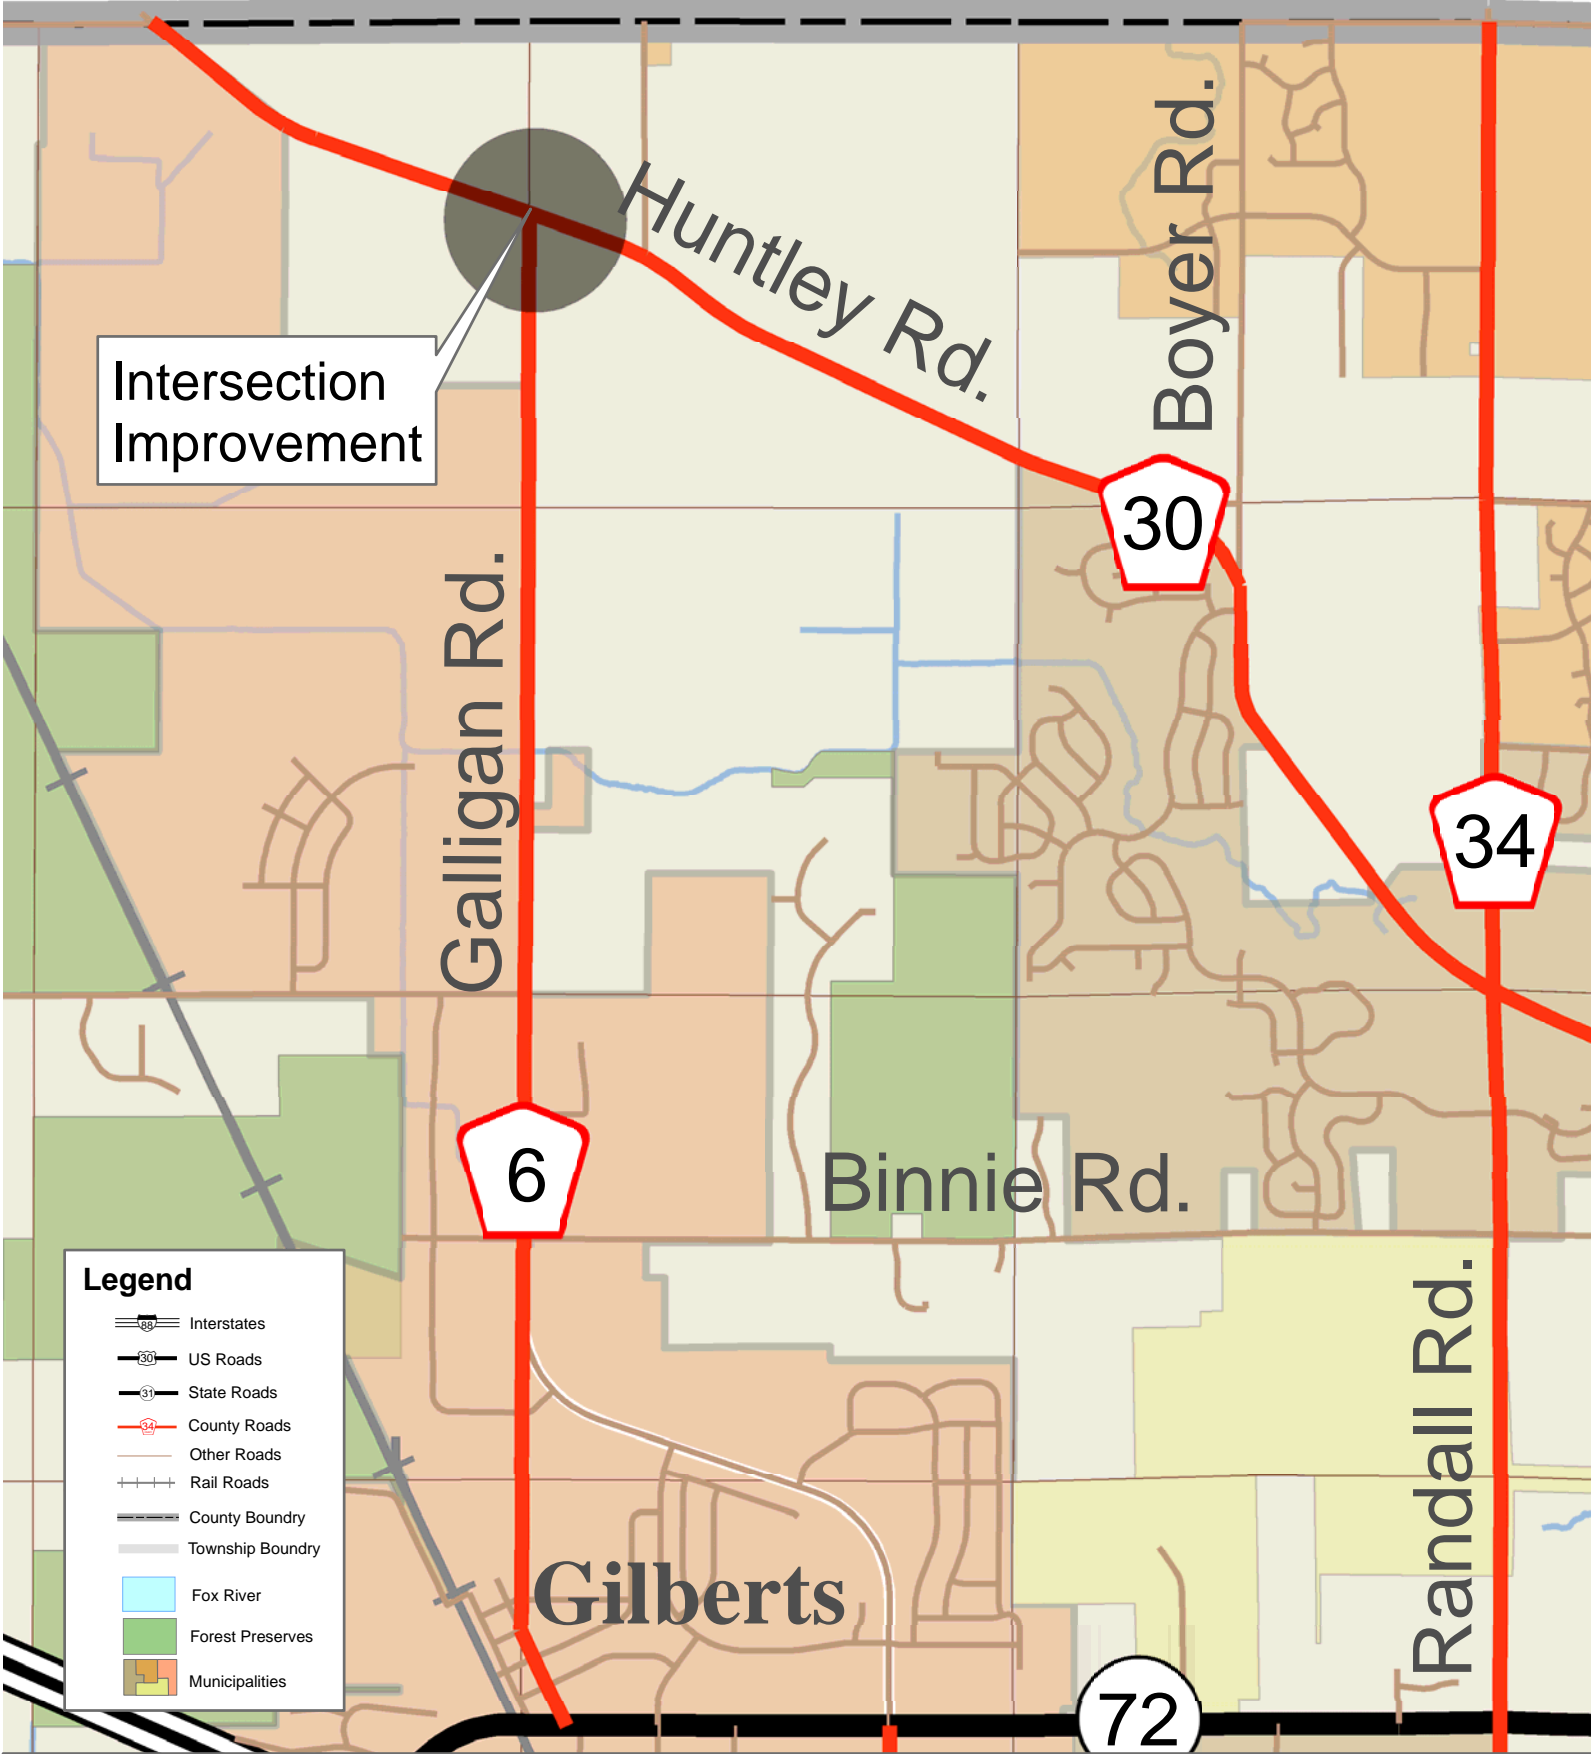

- Remember: Traffic backups can occur at any time.

- Slow down and obey the posted work zone speed limits.
