### Press Release

#### **2018 Kane County Pavement Preservation Project Kane County Section No. 18-00000-02-GM**

Starting the **week of May 29th, 2018**, Kane County will begin the process of applying an asphalt sealer/rejuvenator on the County routes listed below. These roads have been resurfaced within the last two years. Pavement preservation techniques utilize lower cost maintenance improvements conducted earlier in the life cycle of the asphalt pavement by reducing the water penetration that leads to freeze/thaw damage and preventing oxidation of the asphalt material. The process will involve spraying the rejuvenator liquid, allowing the liquid to cure, placing sand on the treated roads for traction, and then sweeping up the excess material.

A list of the roads to be treated this year are listed below. Work is expected to occur in the order the roads are listed. Construction work hours will be from **7:00am until 4:00pm each day for approximately two to four weeks**, weather permitting.

<b>County Highway</b>	<b>From</b>	<b>To</b>
Huntley Road	1365' south of Longmeadow Pkwy	Longmeadow Pkwy
Longmeadow Parkway	1800' west of Huntley Road	Randall Road
Ellithorpe Road	4750' west of Chapman Road	McGough Road
Peplow Road	IL Rte 64	Rolling Oaks
Harter/Perry Road	1500' southeast of Scott Road	W County Line Rd
Scott Road	Swan Road	Harter Road

The above-mentioned roads will remain open during treatment, but will be reduced to one lane of travel using flaggers and temporary daily lane closures.

Motorists need to be prepared to reduce their speed, exercise caution, and be extra alert. Motorists must watch for construction workers, construction vehicles entering or leaving the site, and obey flaggers and other traffic control devices within the work zone. Motorists should expect delays while traveling through the work areas. Motorists may want to add additional time to their commutes and consider the use of alternate routes while this work is being completed.

A reminder – **it is illegal for drivers to talk on a cell phone while driving through a highway construction work zone.**

Questions and concerns may be directed to Patrick VerHalen (630) 208-3138. For all Kane County Traffic Advisories, see <http://www.co.kane.il.us/dot/trafficalerts/Default.aspx>.

# 2018 WORK ZONE SAFETY: EVERYBODY'S RESPONSIBILITY

## Work Zone Safety Tips

← • Drop it and drive.

• Pay attention; conditions can change quickly. →

• If possible, move over for workers.

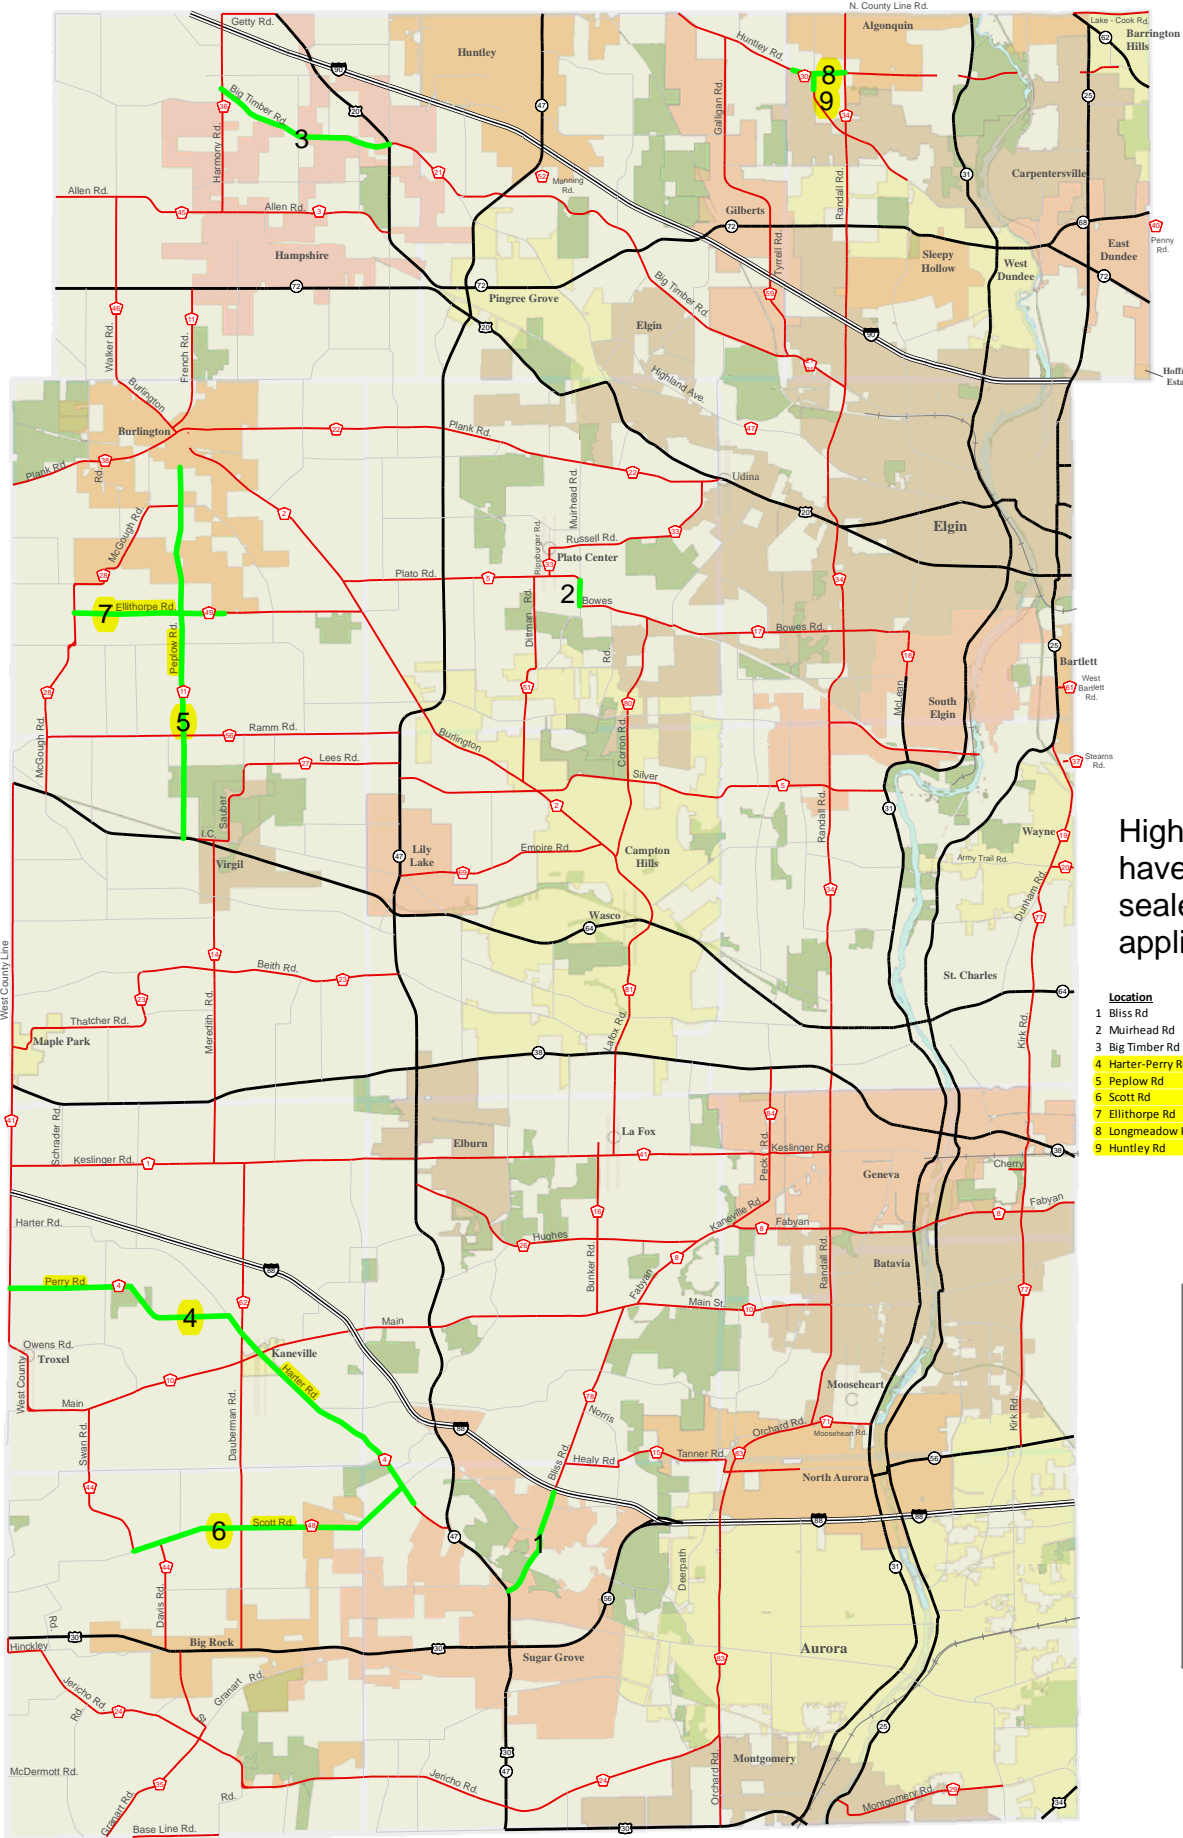

• Remember: Traffic backups can occur at any time.

• Slow down and obey the posted work zone speed limits. →

Illinois Department of Transportation

Highlighted Roads will have asphalt sealer/rejuvenator applied to them.

Location	From	To
1 Bliss Rd	IL Rte 47	I-88
2 Muirhead Rd	Plato Rd	Bowes Rd
3 Big Timber Rd	Harmony Rd	US 20
4 Harter-Perry Rd	County Line Rd	1,500' SE of Scott Rd
5 Peplow Rd	IL Rte 64	Rolling Oaks Dr
6 Scott Rd	Swan Rd	Harter Rd
7 Ellithorpe Rd	McGough Rd	4750' W of Chapman
8 Longmeadow Pkwy	1,800' W of Huntley/Boyer Rd	Randall Rd
9 Huntley Rd	Longmeadow Pkwy	1,365' S of Longmeadow Pkwy
