Press Release

Silver Glen Road over Otter Creek - Bridge Repair Kane County Section No. 17-00115-04-BR

Bridge repair work on Silver Glen Road Bridge over Otter Creek, located approximately 0.75 miles west of Randall Road is scheduled to begin on May 23, 2018. The anticipated duration for the bridge repair work is approximately 3 weeks, weather permitting. Work will consist of the installation of steel support beams, which is intended to extend the life of the existing bridge structure.

All bicyclists and pedestrians are advised to avoid the use of the area during construction for the safety of both the workers and the residents.

During the working hours of 7:00 A.M. to 5:00 P.M. Monday through Saturday, the contractor will be using both roadway shoulders along the bridge to temporarily store vehicles and equipment. **Silver Glen Road may also be temporarily reduced to one lane of travel, in each direction during the working hours of 7:00 A.M. to 5:00 P.M., Monday through Saturday, using temporary daily lane closures. The pedestrian walkway may also be closed during this time.** Motorists are to be cautious and be alert for equipment within the roadway shoulder areas and the workers walking within these areas. Please obey all traffic control devices, and watch for trucks and equipment leaving and entering the construction site. Motorists should reduce their speed, exercise caution, and be extra alert.

A reminder – it is illegal for drivers to talk on a cell phone or text while driving through a highway construction work zone.

Questions and concerns may be directed to David Sitko at (630) 313-0754.

For all Kane County Traffic Advisories, see <http://www.co.kane.il.us/dot/trafficalerts/Default.aspx>.

For all Kane County traffic advisories, visit the [Traffic Alerts Page](#) of the KDOT website.

Work Zone Safety Alert

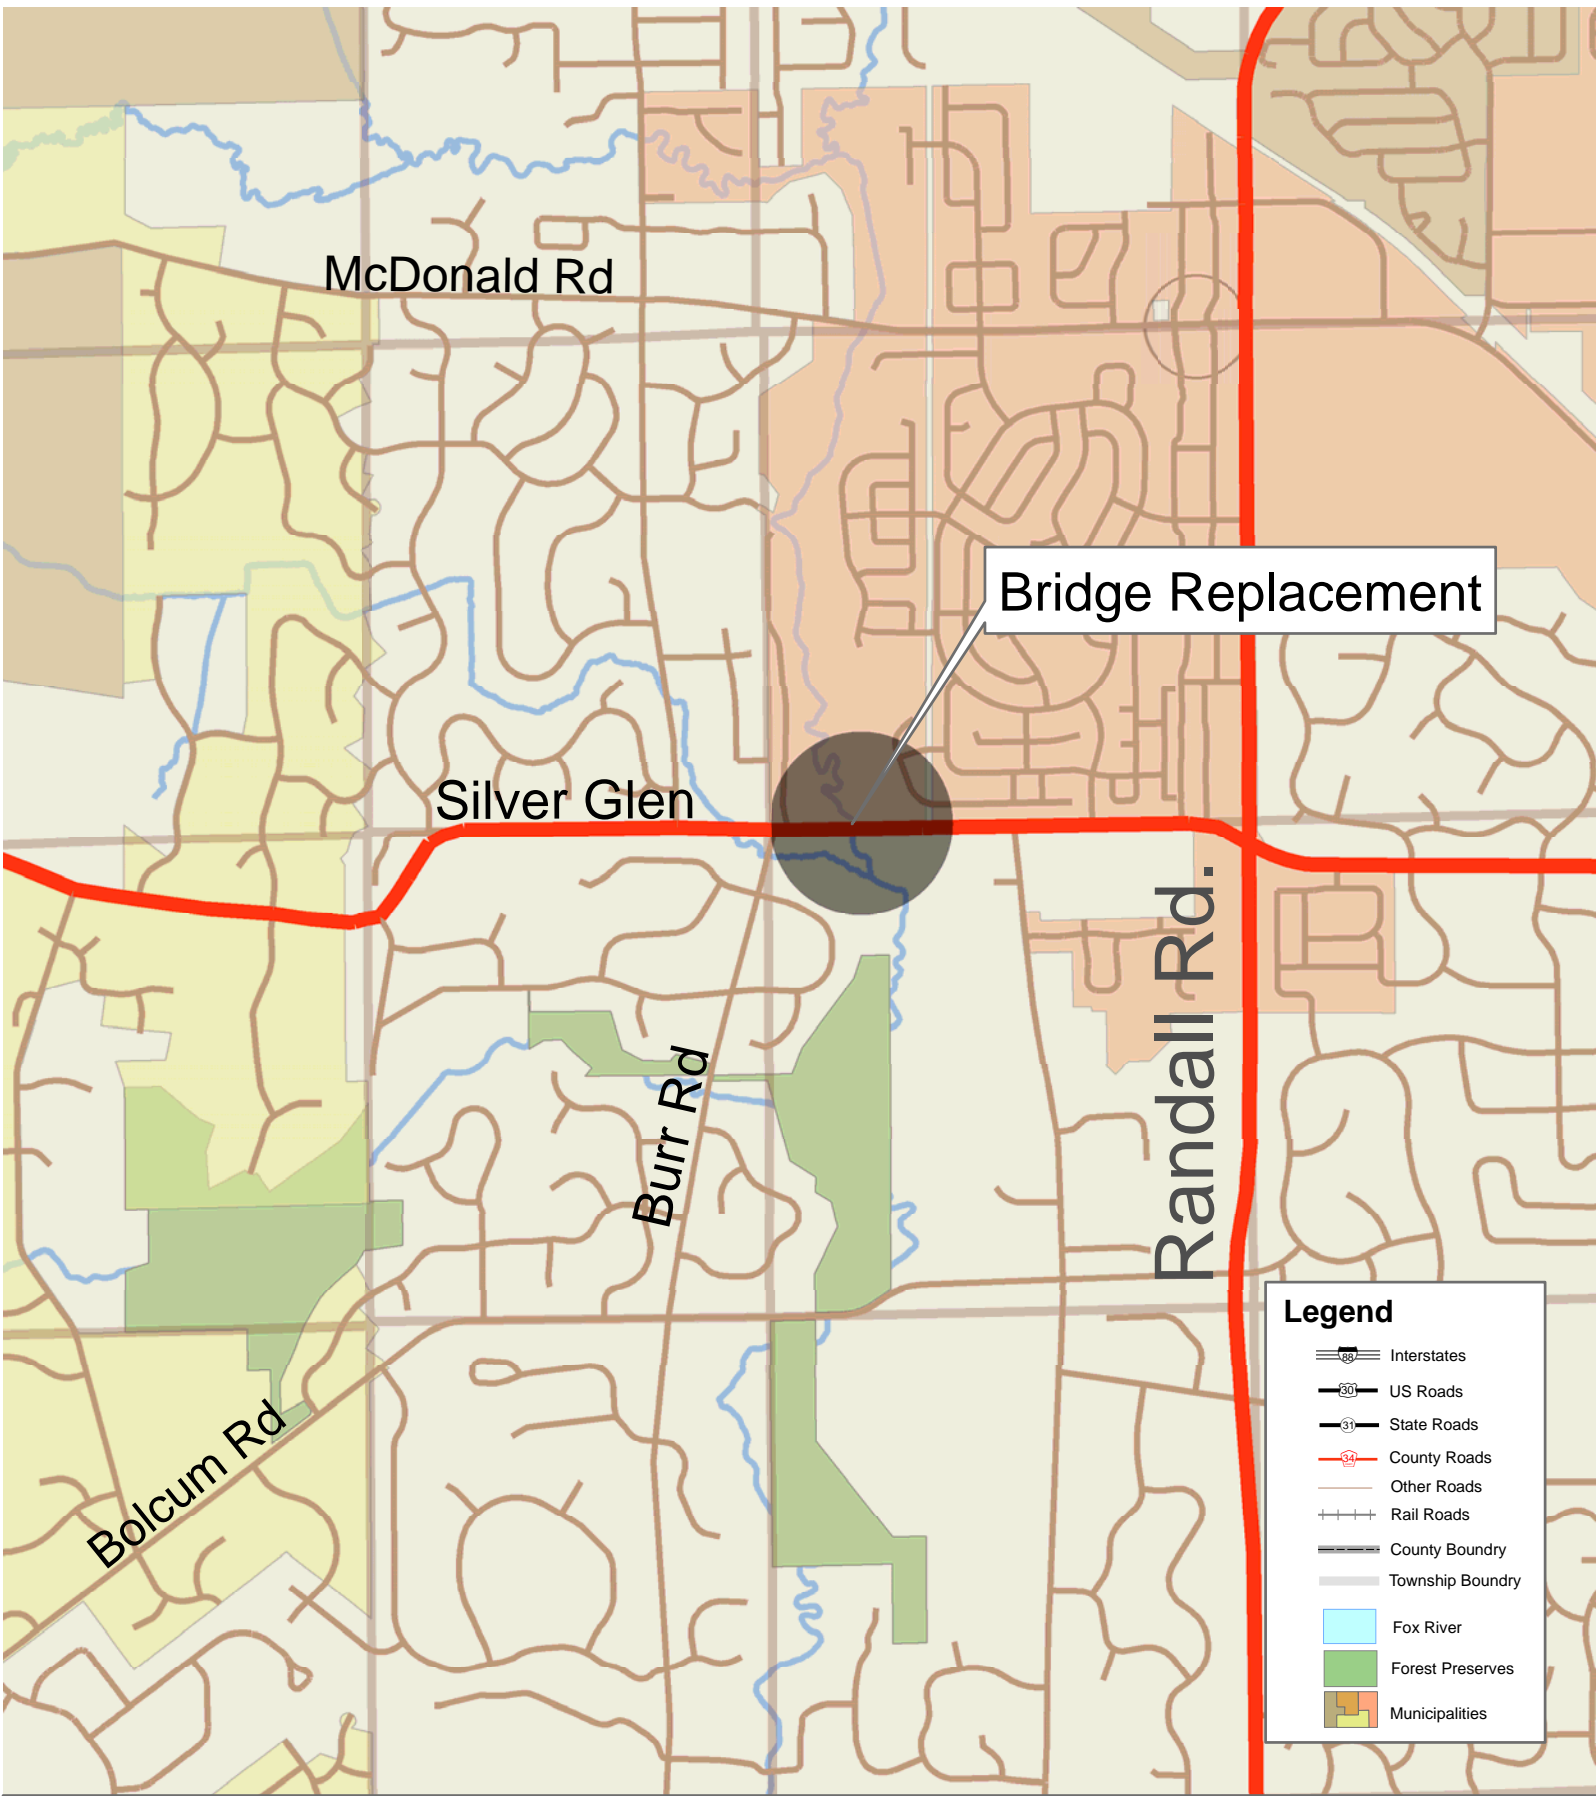

Drivers in this project area should be prepared to reduce their speed, exercise caution, watch for construction workers and construction vehicles entering or leaving the site, and obey flaggers and other traffic control devices within the work zone.

Drivers should expect delays and may want to add additional time to their commutes and consider the use of alternate routes while this work is completed.

KDOT reminds drivers that it is illegal to talk on a cell phone or text while driving through a highway construction work zone. The minimum penalty for speeding in a work zone is \$375.
