Silver Glen Road at Randall Road Intersection Improvement

June 16, 2021 - Construction for the Silver Glen Road at Randall Road Intersection Improvement is scheduled to begin the week of Monday, June 21st, weather permitting.

Work will be located on the northeast corner of Silver Glen Road at Randall Road. Construction work hours will be from 7:00AM to 5:00PM, Monday through Saturday, will require temporary daily lane closures, and may have flaggers directing traffic for the safety of the workers and the travelling public. The shoulder area of westbound Silver Glen Road will have a temporary concrete barrier wall installed to protect workers. Work will consist of adding a right turn lane on the east leg of Silver Glen Road and includes earth excavation, placement of aggregate subgrade, resurfacing, and storm sewer installation. All work is anticipated to take approximately four months to complete, weather permitting.

Visit our [Traffic Advisories](#) webpage for more information on road closures, detours, and active KDOT projects.

*Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. **It is illegal to talk or text on a cell phone while driving.***
